Service Animal means any dog (or miniature horse) that is individually trained to do work or perform tasks for the benefit of an individual with a disability, including a physical, sensory, psychiatric, intellectual, or other mental disability. Other species of animals, whether wild or domestic, trained or untrained, are not service animals. ["A therapy animal, support animal or companion animal provides comfort and/or companionship to an individual. These non-service animals are not afforded the same privileges in public places as a service animal."] (From "Welcoming Your Customers Who Use Service Animals," *NCDHHS*)

However, as a staff member, you may not ask for proof from a customer that an animal is a service animal.
